TO OUR CUSTOMERS,

The AFRICAN SNAKEBITE INSTITUTE has gone to great lengths to secure quality products for our market. We already have the largest range of snake tongs and snake hooks available in Africa and our PRO snake tongs are of the highest quality and each product is guaranteed.

Snake tongs and snake hooks are vigorously tested during our snake handling training sessions and we receive very positive feedback from our corporate clients that make use of ASI products.

Wherever we struggle to find suitable products for our clients, we develop our own and both our lightweight snake gaiters and standard snake gaiters have become best-sellers to corporates, hunters, hikers, fly fishermen and even competitive mountain bikers. We have also developed gaiters for children.

Our range is always expanding and now includes clothing, branded coffee mugs, sterling silver jewellery, books and posters. We are also the largest supplier of scorpion torches in Africa and regularly update this range with the latest technology.

Please check out our product list and if there are related products that you need and that are not listed, do notify us and let’s see if we can assist.

ASI Snake Gaiters

The ASI gaiters have been developed for African conditions. They extend from the ankle to just below the knee and have three adjustable Velcro straps - one size fits all. They are manufactured from two layers of Cordura Outer with a layer of Novabelt in the middle. These gaiters have been tested on a variety of snakes including the Puff Adder, Black Mamba, Forest Cobra, Snouted Cobra and Rinkhals with excellent results - no snake managed to get a fang through all three layers. They weigh 535 grams and measure 47 x 33 cm.

R895.00 per pair
(Add R65.00 for local registered mail)

Kids gaiters are available in two sizes, children below 8 years of age (weigh 316 grams and measure 35 x 25 cm), and children between 8 and 12 years of age (weigh 382 grams and measure 41 x 26 cm).

ASI Snake Gaiters Lite

Lightweight gaiters proudly made in South Africa, are flexible snake gaiters that weigh 400 grams. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ - Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability. These two layers are stitched into an inner casing of high tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. Ideal for hikers, birders, fly-fishermen, geologists, bush-clearing teams, hunters and mountain biking. Measures 48 cm in length and weighs 400 g.
