TO OUR CUSTOMERS,

The AFRICAN SNAKE BITE INSTITUTE has gone to great lengths to secure quality products for our market. We already have the largest range of snake tongs and snake hooks available in Africa and our JM snake tongs are of the highest quality and each product is guaranteed.

Snake tongs and snake hooks are vigorously tested during our snake handling training sessions and we receive very positive feedback from our corporate clients that make use of ASI products.

Wherever we struggle to find suitable products for our clients, we develop our own and both our lightweight snake gaiters and standard snake gaiters have become best-sellers to corporates, hunters, hikers, fly fishermen and even competitive mountain bikers. We have also developed gaiters for children.

Our range is always expanding and we are the largest supplier of quality snake handling equipment on the continent.

Please check out our product list and if there are related products that you need and that are not listed, do notify us and let’s see if we can assist.

**SNAKE TONGS**

**A** **JM100 Snake Tong**

The new and improved design of our best selling PRO 100 Snake Tongs. A popular snake tong that is used extensively by snake handlers and in snake parks. Durable and very good quality – comes with a guarantee. Measures 110 cm in total length and weighs 670 g. Available in Red, Blue or Black.

R995.00

(Sent via Registered Mail, Postnet or Courier)

**B** **JM150 Snake Tong**

The new and improved design of our PRO 150 tongs. The 1.5 m tongs are by far our most popular snake tong for both discerning corporate and private clients. This tong is ideal for removing problem snakes, especially on mines, game farms and game lodges. The extra 50 cm (compared with the JM100) keeps the snake further away from the handler and is thus far safer. Measures 154 cm, weighs 800 g and comes with a guarantee. Available in Red, Blue or Black.

R1100.00

(Sent via Courier)

**C** **JM200 Snake Tong**

Our longest snake tong at 2 m and weighs 860 g. Ideal for removing snakes from a safe distance, especially those under beds or in trees. Available in Red or Blue.

R1300.00

(Sent via Courier)
**SN AKE T ONGS**

A  **Midwest Standard**  
Snake Tong 40”  
Total length 104 cm, weight 650 g.

ASl Budget Snake Gaiters

Imported Snake Gaiters - the outer shell is made from a heavy duty nylon cordura fabric. And the inner is made from 10mm thick hard PE plastic board.

Two adjustable straps with buckles ensure a secure fit – one size fits all.

Tried and tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing.

Length 28 cm
Weighs 380 g (each)

R490.00 per pair
(Sent via Registered Mail, Postnet or Courier)

ASI Snake Gaiters

The ASI gaiters have been developed for African conditions. They extend from the ankle to just below the knee and have three Velcro straps - one size fits all. They are manufactured from two layers of Cordura Outer with a layer of Novabelt in the middle. These gaiters have been tested on a variety of snakes including the Puff Adder, Black Mamba, Forest Cobra, Snouted Cobra and Rinkhals with excellent results - no snake managed to get a fang through all three layers. They weigh 535 grams and measure 47 x 33 cm.

R895.00 per pair
(Sent via Registered Mail, Postnet or Courier)

Buckle option available

They are manufactured from two layers of Cordura Outer with a layer of Novabelt in the middle. They extend from the ankle to just below the knee and have two buckles on each gaiter – one size fits all

ASI Reflective Snake Gaiters
ASI Reflective Gaiters – proudly made in South Africa, are flexible snake gaiters that weigh 375 grams each. The outer shell is made from a heavy duty outdoor coated polyester, which is water resistant. And the inner is made from a flexible non-woven barrier. With two high visibility reflective strips, these gaiters are ideal for mining and construction sites.

R1350.00 per pair
(Sent via Registered Mail, Postnet or Courier)
ASI Snake Gaiters Lite

Lightweight gaiters proudly made in South Africa, are flexible snake gaiters that weigh 220 grams. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ - Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability. These two layers are stitched into an inner casing of high tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. Ideal for hikers, birders, fly-fishermen, geologists, bush-clearing teams, hunters and mountain biking. Measures 38 cm in length and weigh 220 g each.

ASI Snake Gaiters Lite-Reflective

Lightweight gaiters proudly made in South Africa, are flexible snake gaiters that weigh 240 grams. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ - Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability. These two layers are stitched into an inner casing of high tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. They also include two reflective, high visibility strips for our clients who work on site. Measures 38 cm in length and weigh 240 g each.
**ASI Geo Snake Gaiters Lite**

ASI Geo Lightweight Snake Gaiters – proudly made in South Africa, are flexible snake gaiters that weigh 220 grams each. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ – Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability. These two layers are stitched into an inner casing of high tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside, and also includes an adjustable strap that goes underneath the shoe / boot, to keep the gaiters secured in place. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. Measure 38 cm. in length and weigh 220 g each.
