TO OUR CUSTOMERS,

The AFRICAN SNAKEBITE INSTITUTE has gone to great lengths to secure quality products for our market. We already have the largest range of snake tongs and snake hooks available in Africa and our JM snake tongs are of the highest quality and each product is guaranteed.

Snake tongs and snake hooks are vigorously tested during our snake handling training sessions and we receive very positive feedback from our corporate clients that make use of ASI products.

Wherever we struggle to find suitable products for our clients, we develop our own and both our lightweight snake gaiters and standard snake gaiters have become best-sellers to corporates, hunters, hikers, fly fishermen and even competitive mountain bikers. We have also developed gaiters for children.

Our range is always expanding and now includes clothing, branded coffee mugs, sterling silver jewellery, books and posters. We are also the largest supplier of scorpion torches in Africa and regularly update this range with the latest technology.

Please check out our product list and if there are related products that you need and that are not listed, do notify us and let’s see if we can assist.

FIRST AID

Smart Pressure Bandage
Our Smart Pressure Bandages have printed rectangles on them and when applying the bandage it must be stretched until the rectangles form squares – the correct pressure is attained every time. Bandages measure 10 cm x 2m and are washable and reusable. Comes with a FREE First Aid for Snakebite Booklet.

ASI Snakebite Bandage
Our new snakebite bandages is a demarcated stretch bandage with continuous indicators on them. When applying the bandage it must be stretched until the rectangles form squares – thereby applying the the correct pressure for neurotoxic envenomation. Only for use in cases of Black Mamba and Cape Cobra bites.

Price includes a FREE First Aid for Snakebite Booklet.

ASI Pocket Resus Mask
With the ASI Pocket Resus Mask, it is easy to get a good seal over the mouth and nose of a patient and rescue breathing can then be provided. If available, oxygen can be connected to the pocket mask. Price includes a FREE First Aid for Snakebite Booklet. Comes in a protective case.

ASI Adult Resuscitator
This quality product provides a good seal over the face and can also be connected to an oxygen cylinder. Ideally one needs two trained people to effectively use a resuscitator. Comes with a First Aid for Snakebite booklet.

**Kids’ Snakes of Southern Africa**
by Johan Marais

Meet 36 of southern Africa’s most common and interesting snakes in this lively guide. Discover the fascinating habits of snakes – where they live, how they hunt, what dangers they face, and how they protect themselves. A detailed introduction to many aspects of snake behaviour opens up the amazing world of these widely misunderstood creatures.
