MARCH 2022

PRODUCT LIST

WWW.AFRICANSNAKEBITEINSTITUTE.COM

TO OUR CUSTOMERS,

The AFRICANSNAKEBITEINSTITUTE has gone to great lengths to secure quality products for our market. We already have the largest range of snake tongs and snake hooks available in Africa and our JM snake tongs are of the highest quality and each product is guaranteed.

Snake tongs and snake hooks are vigorously tested during our snake handling training sessions and we receive very positive feedback from our corporate clients that make use of ASI products.

Wherever we struggle to find suitable products for our clients, we develop our own and both our lightweight snake gaiters and standard snake gaiters have become best-sellers to corporates, hunters, hikers, fly fishermen and even competitive mountain bikers. We have also developed gaiters for children.

Our range is always expanding and now includes clothing, branded coffee mugs, sterling silver jewellery, books and posters. We are also the largest supplier of scorpion torches in Africa and regularly update this range with the latest technology.

Please check out our product list and if there are related products that you need and that are not listed, do notify us and let's see if we can assist.

SNAKE TONGS

Best-seller

A JM150 Snake Tong

The new and imporved design of our JM150 tongs.
The 1.5 m tongs are by far our most popular snake tong for both discerning corporate and private clients. This tong is ideal for removing problem snakes, especially on mines, game farms and game lodges. The extra 50 cm (compared with the JM100) keeps the snake further away from the handler and is thus far safer. Measures 154 cm, weighs 800 g and comes with a guarantee.
Locally manufactured - a Proudly South African product.

Available in Red, Blue or Black.

R1295.00 (Sent via Courier)

B ASI JM180 Snake Tong

The JM 180 tong is ideal for removing snakes from hard to reach places, like trees or thatch roofs.
The extra 74 cm (compared with the JM 100) keeps the snake further away from the handler and is thus far safer. Measures 184 cm and weighs 850 g and comes with a guarantee.
Locally manufactured - a Proudly South African product.
Available in Red or Blue

R1350.00 (Sent via Courier)

C ASI JM200 Snake Tong

Our longest snake tong at 2 m and weighs 860 g.
Ideal for removing snakes from a safe distance, especially those under beds or in trees.
Locally manufactured - a Proudly South African product.
Available in Red or Blue.

SNAKE TRAPS

ASIT 1.0 Electronic Snake Trap

Introducing the new ASIT 1.0 Electronic Snake Trap. A collaborative project between Lumin8 and the African Snakebite Institute, and a first in the world for electronic snake traps.

Tried and tested, these electronic snake traps are extremely useful for snake removal, especially on mines, hostels and barracks, and warehouses.

The trap is made of plastic tubing, and has a computerised circuit board with various sensors and mechanical parts. It is baited on the inside with a chicken egg or frozen mouse, and the idea is that the snake will smell the bait and enter the tube.
The entrance to the trap has a mechanised trap door. It is battery powered and lasts for more than a month on a set of alkaline batteries. The trap also makes provision for optional extras such as a GSM Modem for cellular communication, and an external solar panel or power source. When switched on, the trap is immediately reset, shows the battery status, resets the trapdoor to its zero position and goes into sensor mode.

As the snake enters the trap, its presence is detected by the various sensors, and once in the trap, the trap door closes behind it.

If the trapdoor touches any part of the snake's tail or body, it will immediately reopen and close again, ensuring that the snake is not harmed.

The trap will then remain closed until the snake is retrieved by a qualified snake handler on site.

SNAKE GAITERS

Best-seller

ASI Snake Gaiters Lite

Lightweight gaiters proudly made in South Africa. These are flexible snake gaiters that weigh 220 grams each. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ - Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability. These two layers are stitched into an inner casing of high-tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. Ideal for hikers, birders, fly-fishermen, geologists, bush-clearing teams, hunters and mountain biking. Measures
38 cm in length and weigh 220 g each.
Available in Green, Camo or Black.

ASI Snake Gaiters Lite-Reflective

Lightweight reflective gaiters which weigh 240 grams each. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ - Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability. These two layers are stitched into an inner casing of high-tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. They also include two reflective, high-visibility strips for our clients who work on-site.
Measures 38 cm in length and weigh 240 g each.

SNAKE GAITERS

ASI Geo Snake Gaiters Lite

ASI Geo Lightweight Snake Gaiters – proudly made in South Africa, are flexible snake gaiters that weigh 220 grams each. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ – Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability.

These two layers are stitched into an inner casing of high-tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back.

Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside, and also includes an adjustable strap that goes underneath the shoe / boot, to keep the gaiters secured in place. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. Measure 38 cm. in length and weigh 220 g each.

FIRST AID

Smart Pressure Bandage

Our Smart Pressure Bandages have printed rectangles on them and when applying the bandage, it must be stretched until the rectangles form squares – the correct pressure is attained every time.
Bandages measure 10 cm x 2 m and are washable and reusable.
Only for use in cases of Black Mamba and Cape Cobra bites.
Comes with a FREE First Aid for Snakebite Booklet.

R195.00

(Sent via Registered Mail, Postnet or Courier)

ASI Snakebite Bandage

Our new snakebite bandages is a demarcated stretch bandage with continuous indicators on them.
When applying the bandage, it must be stretched until the rectangles form squares – thereby applying the the correct pressure for neurotoxic envenomation.
Only for use in cases of Black Mamba and Cape Cobra bites.
Price includes a FREE First Aid for Snakebite Booklet.

R50.00

(Sent via PostNet or Courier)

ASI Pocket Resus Mask

With the ASI Pocket Resus Mask, it is easy to get a good seal over the mouth and nose of a patient and rescue breathing can then be provided. If available, oxygen can be connected to the pocket mask

Price includes a FREE First Aid for Snakebite Booklet. Comes in a protective case.

R125.00

(Sent via PostNet or Courier)

ASI Adult Resuscitator

This quality product provides a good seal over the face and can also be connected to an oxygen cylinder. Ideally one needs two trained people to effectively use a resuscitator. Comes with a First Aid for Snakebite booklet.
