HATUA KATIKA DHALULA

KAMA NYOKA AMEMWUMA MTU

- Umtulize mjeruhiwa, akae kimya, halafu umsafrishe kwenye hospitali nzuri ya karibu haraka iwezekanavao
- Kama mjeruhiwa anaacha kuvuta pumzi, umtolee huduma ya kwanza ya kusaidia kupumua au kutumia barakoa ya msaada wa kupumua
- piga namba ifuatayo kwa maelekezo zaidi: +27 861 555 777.

Usifanye yafuatayo kamwe:

- ... usifunge mguu au mkono na kamba.
- ... usikate wala usifyonze kidonda
- ... usitumie barafu wala maji ya moto
- ... usimpe mjeruhiwa pombe
- ... usitumie umeme kwenye kidonda
- ... usimpe mjeruhiwa sindano ya antivenom (dawayu sumu ya nyoka). Hiyo dawa inatakiwa kutumiwa na daktari hospitalini tu.
