TO OUR CUSTOMERS,

The **AFRICAN SNAKEBITE INSTITUTE** has gone to great lengths to secure quality products for our market. We already have the largest range of snake tongs and snake hooks available in Africa and our JM snake tongs are of the highest quality and each product is guaranteed.

Snake tongs and snake hooks are vigorously tested during our snake handling training sessions and we receive very positive feedback from our corporate clients that make use of ASI products.

Wherever we struggle to find suitable products for our clients, we develop our own and both our lightweight snake gaiters and standard snake gaiters have become best-sellers to corporates, hunters, hikers, fly fishermen and even competitive mountain bikers. We have also developed gaiters for children.

Our range is always expanding and now includes clothing, branded coffee mugs, sterling silver jewellery, books and posters. We are also the largest supplier of scorpion torches in Africa and regularly update this range with the latest technology.

Please check out our product list and if there are related products that you need and that are not listed, do notify us and let's see if we can assist.

SNAKE TONGS

A  JM150 Snake Tong

The new and improved design of our JM150 tongs. The 1.5 m tongs are by far our most popular snake tong for both discerning corporate and private clients. This tong is ideal for removing problem snakes, especially on mines, game farms and game lodges. The extra 50 cm (compared with the JM100) keeps the snake further away from the handler and is thus far safer. Measures 154 cm, weighs 800 g and comes with a guarantee.

Locally manufactured - a Proudly South African product.

Available in Red, Blue or Black.

**R1350.00**

B  ASI JM180 Snake Tong

The JM 180 tong is ideal for removing snakes from hard to reach places, like trees or thatch roofs. The extra 74 cm (compared with the JM 100) keeps the snake further away from the handler and is thus far safer. Measures 184 cm and weighs 850 g and comes with a guarantee.

Locally manufactured - a Proudly South African product. Available in Red or Blue

**R1395.00**

C  ASI JM200 Snake Tong

Our longest snake tong at 2 m and weighs 860 g. Ideal for removing snakes from a safe distance, especially those under beds or in trees.

Locally manufactured - a Proudly South African product. Available in Red or Blue.

**R1450.00**
SNAKE TONGS

ASI Budget Snake Tong 1 m
Our locally assembled economical tongs – ideal for people who remove a few snakes a year. Locally manufactured - a proudly South African product.
Comes with a guarantee.

Total length 1.1 m, weight 610 g.
R895.00

ASI JM Collapsible Snake Tongs
Featuring our unique design that doesn't require any pins to hold the trigger in place.
Ideal for travellers or to store in the boot of a vehicle when not in use.

JM100 Version
Collapses down to 85 cm and extends to 110 cm.
R1295.00

JM140 Version
Collapses down to 95 cm and extends to 140 cm.
R1395.00

JM175 Version
Collapses down to 118 cm and extends to 175 cm.
R1495.00

JM Snake Handler Tong
The JM Snake Handler Tong has been designed with the serious snake remover in mind.
Shorter than our 1 m tongs to enable the snake remover to neck the snake comfortably.
R1200.00

ASI PRO 100
Folding Snake Tong
Ideal to keep behind the seat of a pick-up truck or for air travel. Measures 50 cm folded and 102 cm extended. Weighs 850 g.
R1200.00
**SNAKE HOOKS**

**ASI Standard Snake Hook**
The L hook is made from a new steel shaft with a new ASI grip and an aluminium hook that is attached using aeronautical glue. Ideal for slender snakes like cobras and Boomslang. Tested to lift up to 5 kg. Measures 1.15 m and weighs 289 g.

**R550.00**

**ASI L Snake Hook**
The L hook is made from a new steel shaft with a new ASI grip and an aluminium hook that is attached using aeronautical glue. Ideal for slender snakes like cobras and Boomslang. Tested to lift up to 5 kg. Measures 1.15 m and weighs 289 g.

**R550.00**

**ASI V Snake Hook**
The V hook is made from a new steel shaft with a new ASI grip and an aluminium hook that is attached using aeronautical glue. Measures 1.10 m and weighs 260 g.

**R550.00**

**ASI PRO Snake Hook**
The ASI PRO hook is the lightest hook on the market, weighing only 190 grams. With an aluminium shaft and stainless steel hook this lightweight hook is a great addition to any snake removal kit. Tested to lift up to 3 kg.

**R595.00**
**ASI Collapsible 1.2 m Hook**
Collapsible hook made from industrial aluminium and tested to lift up to 4 kg. Has a stainless steel hook. Measures 70 cm collapsed and 1.22 m extended. Weighs 290 g.

R595.00

**ASI Collapsible 1.5 m Hook**
Imported and ideal for people who remove a few snakes a year. Measures 1.1 m collapsed and 1.5 m extended, weighs 1 kg.

R650.00

**ASI Double Snake Hook**
The ASI Collapsible Snake Hook 1.2 m is made from industrial aluminium and tested to lift up to 4 kg. Has a stainless steel hook.

R595.00

**ASI Universal Field Hook**
Made from industrial aluminium and tested to lift up to 3 kg. This versatile, three-piece snake hook measures 40 cm when completely disassembled and 1.2 m when fully assembled. It can also be assembled as a two-piece, which measures 80 cm. It comes in its own tie-up sleeve. Great for travel, and for working with venomous snakes in tanks.

**ASI Mini Snake Hook**
Made from a new steel shaft with a new ASI grip and an aluminium hook that is attached using aeronautical glue. Tested to lift up to 5 kg. Measures 67 cm and weighs 190 g.

R150.00
Snake Buckets

A durable plastic bucket with a central handle on the lid as well as metal clips to secure the lid. Clearly marked with Dangerous Snake stickers.

Available in the following sizes

- Transparent Snake Bucket 50 ℓ. Weighs 1420 g.
  **R495.00**

- Transparent Snake Bucket 70 ℓ. Weighs 2260 g.
  **R550.00**

---

**Snake Tubes**

Snake tubes are made of 110 mm plastic piping, covered on one end and with a screw-on lid on the other. The lid has holes for ventilation that are covered to prevent accidents with spitting snakes. Locally manufactured.

- 500 mm tube. Weighs 840 g.
  **R300.00**

- 750 mm tube. Weighs 1040 g.
  **R350.00**

- 1 m tube. Weighs 1250 g.
  **R400.00**

---

**ASI Transparent Snake Handling Tubes**

Set of 4 transparent acrylic snake-handling tubes, each measuring 66 cm in length. The inner diameters are 18 mm, 24 mm, 36 mm and 56 mm. Weighs 800 g.

**R495.00**
**EQUIPMENT**

**Stainless Steel Feeding Hemostat**

The straight, serrated jaws have a self-locking mechanism and can be used as a clamp. Ideal for feeding captive snakes and keeping fingers out of the danger zone. Measures 20 cm. Weighs 60 g.

R90.00

**PINNING STICK**

Metal pinning stick with rubber handle and elastic tubing at the front for pinning. Measures 62 cm and weighs 255 g.

R595.00

**SNAKE REMOVAL KIT BAGS**

**Large Canvas Bag**

Customised canvas bag with canvas handles and a good quality zip. ASI logo embroidered on the side. Proudly South African - locally manufactured.

---

1.2 m Version

Measures 1.2 m x 40 cm. Weighs 1.4 kg.

R750.00

ASIT 1.0 Electronic Snake Trap

Introducing the new ASIT 1.0 Electronic Snake Trap. A collaborative project between Lumin8 and the African Snakebite Institute, and a first in the world for electronic snake traps.

Tried and tested, these electronic snake traps are extremely useful for snake removal, especially on mines, hostels and barracks, and warehouses.

The trap is made of plastic tubing, and has a computerised circuit board with various sensors and mechanical parts. It is baited on the inside with a chicken egg or frozen mouse, and the idea is that the snake will smell the bait and enter the tube. The entrance to the trap has a mechanised trap door. It is battery powered and lasts for more than a month on a set of alkaline batteries. The trap also makes provision for optional extras such as a GSM Modem for cellular communication, and an external solar panel or power source. When switched on, the trap is immediately reset, shows the battery status, resets the trapdoor to its zero position and goes into sensor mode.

As the snake enters the trap, its presence is detected by the various sensors, and once in the trap, the trap door closes behind it.

If the trapdoor touches any part of the snake’s tail or body, it will immediately reopen and close again, ensuring that the snake is not harmed.

The trap will then remain closed until the snake is retrieved by a qualified snake handler on site.

**ASI Budget Snake Gaiters**

Imported Snake Gaiters - the outer shell is made from a heavy duty nylon cordura fabric. And the inner is made from 10mm thick hard PE plastic board.

Two adjustable straps with buckles ensure a secure fit – one size fits all. Tried and tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing.

Length: 30 cm
Weighs 380 g (each)

**R705.00 per pair**

---

**ASI Cordura Snake Gaiters (Buckles)**

ASI Cordura Snake Gaiters have been developed for African conditions. They extend from the ankle to just below the knee and have three buckles on each gaiter - one size fits all. They are manufactured from two layers of 600D Cordura with a layer 500gsm Riptech inner. These gaiters have been tested on a variety of snakes including the Puff Adder, Black Mamba, Forest Cobra, Snouted Cobra and Rinkhals with excellent results - no snake managed to get a fang through all three layers. Made in South Africa.

Available in Green, Camo or Black.

**R760.00 per pair**

---

**ASI Cordura Snake Gaiters (Velcro)**

ASI Cordura Snake Gaiters have been developed for African conditions. They extend from the ankle to just below the knee and have three velcro strips - one size fits all. They are manufactured from two layers of 600D Cordura with a layer 500gsm Riptech inner. These gaiters have been tested on a variety of snakes including the Puff Adder, Black Mamba, Forest Cobra, Snouted Cobra and Rinkhals with excellent results - no snake managed to get a fang through all three layers. Made in South Africa.

Available in Green, Camo or Black

**R760.00 per pair**
ASI Bush Snake Gaiters

The ASI Kids gaiters are available in two sizes, children below 8 years of age (weigh 316 grams and measure 35 x 25 cm), and children between 8 and 12 years of age (weighs 382 grams and measures 41 x 26 cm).

**R795.00 per pair**

### ASI Hunters Gaiters Lite

ASI Hunters Snake Gaiters – proudly made in South Africa, are flexible snake gaiters that weigh 240 grams each. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ – Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability.

These two layers are stitched into an inner casing of high tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside. The Hunters Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing.

**R2450.00 per pair**
ASI Snake Gaiters Lite

Lightweight gaiters proudly made in South Africa. These are flexible snake gaiters that weigh 220 grams each. The outer shell is made of Authentic 500D Cordura® with double Acrylic coating, water resistant and calendered for softer handling while the inner shell is made of two layers of DuPont™ - Kevlar® micro filament yarn. It is very finely woven material that renders exceptional protection against fragmentation, with an anti-stab capability. These two layers are stitched into an inner casing of high-tenacity nylon (parachute material). The gaiters are one size fits all with a YKK® zip at the back. Each gaiter is adjustable at the back and has a loop for a shoelace to fit through on the underside. The Lightweight Snake Gaiters have been tested against bites from the Puff Adder, Cape Cobra, Snouted Cobra and Black Mamba with no penetration during testing. Ideal for hikers, birders, fly-fishermen, geologists, bush-clearing teams, hunters and mountain biking. Measures 38 cm in length and weigh 220 g each.

Available in Green, Camo or Black.

Smart Pressure Bandage
Our Smart Pressure Bandages have printed rectangles on them and when applying the bandage, it must be stretched until the rectangles form squares – the correct pressure is attained every time. Bandages measure 10 cm x 2 m and are washable and reusable.
Only for use in cases of Black Mamba and Cape Cobra bites.
Comes with a FREE First Aid for Snakebite Booklet.

ASI Snakebite Bandage
Our new snakebite bandages is a demarcated stretch bandage with continuous indicators on them. When applying the bandage, it must be stretched until the rectangles form squares – thereby applying the the correct pressure for neurotoxic envenomation.
Only for use in cases of Black Mamba and Cape Cobra bites.
Price includes a FREE First Aid for Snakebite Booklet.

ASI Pocket Resus Mask
With the ASI Pocket Resus Mask, it is easy to get a good seal over the mouth and nose of a patient and rescue breathing can then be provided. If available, oxygen can be connected to the pocket mask.

ASI Adult Resuscitator
This quality product provides a good seal over the face and can also be connected to an oxygen cylinder. Ideally one needs two trained people to effectively use a resuscitator. Comes with a First Aid for Snakebite booklet.

**Kids’ Snakes of Southern Africa**  
by Johan Marais  
Meet 36 of southern Africa’s most common and interesting snakes in this lively guide. Discover the fascinating habits of snakes – where they live, how they hunt, what dangers they face, and how they protect themselves. A detailed introduction to many aspects of snake behaviour opens up the amazing world of these widely misunderstood creatures.  
Available in English and Afrikaans.
