

COMMON AND DANGEROUS SNAKES OF SIERRA LEONE

Sierra Leone has a large variety of snakes. Around ten species of snakes are highly venomous. About eight are venomous but not deadly. The majority of snakes encountered are either mildly venomous or harmless to humans.

HIGHLY VENOMOUS
Has caused human fatalities

VENOMOUS
Painful bite, but does not require antivenom

MILDLY VENOMOUS
Not thought to be harmful

HARMLESS
Not dangerous to humans
