## EMERGENCY PROTOCOL

### IN THE EVENT OF A SNAKE BITE

- 1 Keep the victim calm, immobilized and transport the victim to the closest hospital **without delay**.
- 2 If the victim stops breathing, resort to artificial respiration or make use of a Bag Valve Mask.
- 3 Call the Poison Information Centre help-line for further advice: 0861 555 777.

### DO NOT

- ... apply a tourniquet.
  - ... cut and suck the wound.
  - ... use ice or very hot water.
  - ... give the victim alcohol.
  - ... apply electric shock.
  - ... inject antivenom randomly.
- Antivenom (if required) must be administered by a doctor in a hospital environment.
